Award For Overall Excellence:
Appleton Papers

Coordinator of the Year:
Debby Schultz

January Coordinator of the Month

Our Rockwell Automation coordinator truly Rocks!

Bob Broehm from Rockwell Automation in Appleton always goes "above and beyond" in coordinating the blood drives by hosting breakfast for all of the donors!

Providing a hearty breakfast of bacon, sausage, eggs, toast and juice or coffee not only encourages people to sign up, but also ensures they have eaten before donating.

Having a sponsored breakfast is fun for the donors and the Community Blood Center staff also looks forward to working at that blood drive as well.

Thanks for all of your hard work, Bob! You do a great job of making it fun for everyone!

New Beginnings

As most of you know...Kelli Vander Wielen has taken the position of recruiter for the National Marrow Donor Program.

Kelli's smiling face and sunny demeanor will be missed by all who had the pleasure of working with her. Thank goodness she will still be working at the blood center!

Jill Kohl will be working with the sponsors in this area permanently. Jill did recruitment in this "territory" for three years prior to being supervisor, and is excited to get back to what she loves doing.

If you haven't met Jill, please contact her on her cell phone at (920)419-3807 or office line at (920)560-6643 to set up a time to have coffee or lunch, and share blood drive stories.
