Tomahawk Community

Award for Overall Excellence:
St. Mary's Hospital

Coordinator of the Year:
Becky Gibson,
Marshfield Clinic

January Coordinator of the Month

Deb Kruger, advisor, and the Leo Club of Laona High School did a fantastic job of recruiting donors for their blood drive in January!

They had 31 donors sign in!

Great job Deb and members of the Leo Club! Their reward was a basket of chocolates. We hope you enjoyed it, and thank you for your dedication to helping others through blood donation.

2008 Blood Donations and Sponsor Awards

Congratulations to our sponsor award winners, for their exceptional blood drives in 2008!

Your Recruiter will be contacting you regarding an award presentation opportunity, and a congratulatory letter will be arriving in the mail.

Blood drives throughout the Northwoods played a crucial role in ensuring that our local hospitals received an ample, steady blood supply last year. Over 60% of the blood collected by the Community Blood Center in 2008 came from blood drives held at businesses, schools, churches, communities, and other sponsoring group locations.

Last year over 750 sponsor groups hosted blood drives, resulting in the collection of more than 30,000 blood donations.

Together, we made miracles happen for thousands of Wisconsin hospital patients. We are humbled by your generosity and enthusiasm, and look forward to the possibilities in 2009!

The blood drive awards are based on a points system involving many factors, such as how many donors participate, when blood drives are scheduled, and how many new donors are recruited. Groups compete for awards within designated categories, and the top blood drive hosts in each category are recognized with an award.

If you would like to see your name on the list for 2009, check out page 9 of your "Coordinator Handbook" or contact your Recruiter to find out how you can expand your lifesaving efforts and earn extra "points" in 2009!
