4 Imprint

Coordinator of the Year:
Dawn Bruns, Appleton Medical Center

January Coordinator of the Month

Blustery winds, freezing temperatures and 6 inches of snow...sound familiar? Blizzard conditions didn't stop Kathy Smits and the Seymour Community from rolling up their sleeves and saving lives. Kathy did a fabulous job of scheduling 91 donors.

Her weather updates and communication with donors were greatly appreciated by CBC staff. 84 donors registered and there were 10 new donors. Congratulations Kathy!

About our Sponsor Awards

Congratulations to our winners! Your dedication and support of the Community Blood Center was exemplary in 2007.

Whether you scheduled a drive close to a holiday, hosted an additional blood drive, or increased your lifesaving potential by recruiting more donors, you were trailblazers in the fight to save lives! We applaud you for your accomplishments and look forward to celebrating further.

Your Recruiter will be contacting you regarding an award presentation opportunity at your location, and a congratulatory letter is in the mail.

Mobile blood drives produced 60% of all the blood collected by the Community Blood Center in 2007. This equates to 28,549 lifesaving units!

Together we made miracles happen for thousands of patients. We are humbled by your partnership and look forward to the endless possibilities that lie ahead for 2008!

If you would like to see your name on the list of winners for 2008, check out page 9 of your "Coordinator Handbook" or contact your Recruiter to find out how to expand your lifesaving efforts and earn extra points in 2008!
