Community & Sacred Heart Hospital

Award for Overall Excellence:
Marshfield Clinic

Coordinator of the Year:
Candice Zahncaín,
Lakeland Union High School

Superstar Ideas

★ Kelly Crossen, coordinator for Nicolet Area Technological College, had a beautiful buffet with fresh juice, great cookies and a huge bowl of fresh fruit waiting for donors! She also raffled off a gas card! What an awesome treat for these college students!

★ Becky Gibson, coordinator for Marshfield Clinic, always manages to recruit a crowd. She calls, sends emails, and tells her personal story about receiving blood. Plus she always has some great raffle prizes for the donors! Thanks for your dedication.

February Coordinator Of the Month

Candace Zahncaín, coordinator for the Lakeland Union High School blood drive, did a terrific job coordinating, scheduling, and recruiting donors for the drive held on February 21.

One week before the drive she was told that it had to be cancelled due to space/scheduling issues. She went straight to the principal's office (braver than I would be) and begged and pleaded her case.

Fortunately for the school and the Northwoods Community Blood Center, the principal, Mr. Kleinhans agreed the drive should be held.

What a great turnout they had! 63 awesome students and staff donated. Also, Culver's donated coupons for free ice cream. Many thanks to the students, Mr. Kleinhans and Culver's!

A very special thank you goes to Candace for being so dedicated and committed; due to her determination, up to 189 lives will be saved!

About our Sponsor Awards

Congratulations to our winners! Whether you scheduled a drive close to a holiday, hosted an additional blood drive, or recruited more donors, you were trailblazers in the fight to save lives!

Your Recruiter will be contacting you regarding an award presentation opportunity, and a congratulatory letter will be arriving in the mail.

Donations collected at blood drives produced 60% of all the blood collected

by the Community Blood Center in 2007.

Together we made miracles happen for thousands of patients. We are humbled by your partnership and look forward to the possibilities in 2008!

If you would like to see your name on the list for 2008, check out page 9 of your "Coordinator Handbook" or contact your Recruiter, to find out how you can expand your lifesaving efforts and earn extra points in 2008!

Memorial Drive Held

One of our long time volunteers and coordinator of the Lake Tomahawk Lions Community Blood Drive passed away on January 26.

The Lake Tomahawk Lions dedicated their blood drive on February 19 to the memory of Dick Rust. The drive was held in the American Legion Building and when you entered, the aroma of home-made chicken noodle soup simmering on the stove was fantastic! The donors

enjoyed the camaraderie and exchanged stories about the good old days and how Dick had touched their lives.

It was a great way to remember Dick, who had given so many hours to helping others.

Many thanks to Dennis Hirtz for organizing the drive. And a warm welcome to John Erdmann, who has agreed to be the new coordinator for the Lake Tomahawk Lions Blood Drive.
